

I accepted Christ's gift of eternal life through His death and resurrection 12 years ago after reading Classic Christianity. Thank you to Bob George for writing this book. It was amazing to see the scripture come alive in his book. I checked out every verse you used in my own Bible to be sure that the amazing news of grace was true. I had been churched, but didn't know about salvation. Thank you for your passion to share the truth. God bless you and be with you.
